EXPERIENCE

Product Designer - Early-Stage Startup Consulting

03/2024 - PRESENT

- Owned end-to-end product design, driving product strategy through user research insights, ideation, surveys, & data analysis, stakeholder presentations, and concept-to-execution delivery within a fast-paced environment.
- Designed AI-driven, adaptive interfaces that translated complex user and technical requirements into accessible, production-ready experiences.
- Advanced human-AI interaction patterns through adaptive UI systems and prompt-driven conversational flows, connecting physical and digital experiences while creating scalable design workflows that supported product expansion.

Sr UX UI Product Designer - Warner Bros Discovery

08/2022 - 10/2023

- Partnered with cross-functional teams to define requirements and conducting competitive analysis and user research to identify usability gaps - resulting in clearer navigation and improved visual cohesion.
- Designed end-to-end product experiences including user flows, information architecture, wireframes, high-fidelity UI, and interactive prototypes for complex features.
- Documented core functionality and design guidelines in Figma, Miro, and Confluence; scaled and evolved a shared design system by creating reusable components that improved consistency and cross-team alignment.
- Worked closely with engineering throughout delivery to ensure accurate implementation, accessibility alignment, and design intent from concept to release.
- Involved in qualitative and quantitative user testing, translating insights into iterative improvements that balanced business goals, technical feasibility, UX quality, and WCAG-compliant accessibility across devices.

Sr UX UI Product Designer - Hatch eLearning.com

<https://www.hatchearlylearning.com/>

3/2021 - 07/2022

- Supported the merger of multiple e-Learning products into a single brand, shaping information architecture, user flows, wireframes, data visualizations, and high-quality illustrations.
- Provided hands-on design execution and recommendations to improve usability, consistency, and intuitive interactions across products.

EDUCATION

MBA AI - Mini

Rutgers University, NJ, USA

2025-2026

MA - Design IxD Human Interaction

London Middlesex University, UK

2010-2011

B. Design 3D & Interior Architecture

The College of Management

2005-2009

VOLUNTEERING

Co-Leader IxDF NJ

Instructional Designer

Design Workshops

IxDF NJ, USA

2025-2026

Instructional Designer

Sheridan College, ON CA

2016

Professor Teaching Assistant

London Middlesex University, UK

2010-2011

Occasional Design Thinking Workshops.

Art & Architecture

London Middlesex University, UK

2010-Present

Photographer & Video Story Creation

Tamarack Camp, NJ US

EXPERIENCE

Sr UX/UI Product Designer - BlackBerry | Cybersecurity, IoT & Privacy

01/2017-10/2021

- Designed cross-platform, responsive web and mobile (iOS/Android) experiences across IoT, Cybersecurity, Privacy, Productivity, and Gamification products. Balancing usability, security, and business requirements.
- Led the creation of a unified design system across multiple products, defining accessibility standards and dark & light mode guidelines. Simplified complex security data through information architecture, user flows, data visualization, infographics, and iconography.
- Designed onboarding flows, empty states, tutorials, and contextual tooltips to drive adoption, clarity, and user trust.
- Partnered with engineering to ensure WCAG-compliant accessibility, high-quality implementation, and a consistent user experience across platforms.
- Drove conceptual prototyping with the innovation team, exploring future-facing features and product initiatives.
- Contributing to company branding materials, improving consistency and design efficiency.

UX Research | UI Design | Visual Designer - Compass Group USA Design Studio Mayo Clinic | TJX | Toronto Zoo | Scotia Bank

<https://www.compass-usa.com/>

01/2016-12/2016

- Delivered UX research, UI design, and visual design across enterprise and consumer-facing organizations, including healthcare, retail, financial services, and public institutions.
- Designed wireframes and interactive prototypes for a customer-facing iPad self-service banking application, simplifying complex workflows across registration, account management, and subscription experiences using research-informed information architecture and interaction patterns.
- Partnered with business stakeholders to define requirements, user goals, and success metrics. Producing journey maps, personas, wireframes, UI components, iconography, illustrations, and interactive kiosk experiences across mobile, tablet, web, and touch screens.
- Collaborated with engineering teams within Agile environments to ensure technical feasibility and high-quality delivery.
- Supported promotional initiatives through video and sound editing.

Interactive Digital Designer 2D Illustrator | 3D Design - Design Agency

Media & TV | Events & Exhibitions | eCommerce & Retail

01/2016-12/2016

- Contributed into a multidisciplinary design, photography, and exhibition studio, supporting international clients across Europe and North America.
- Delivered visual solutions across print, web, digital, and 2D/3D graphic.
- Collaborating closely with copywriters, photographers, creative directors, and producers to strengthen brand presence & ensure alignment with brand strategy and audience needs.
- Integrating localization and cultural adaptation for global audiences.
- Extended contributions into video production and motion graphics, supporting editing, visual effects, set design, and storytelling for broadcast and exhibition environments.

CORE COMPETENCIES

AI & Emerging Technologies

- AI-Driven Product Design
- Human-AI Interaction
- Prompt Engineering
- Conversational Design
- Data-Informed & Adaptive Interfaces

Product & Experience Design

- UX/UI Design
- Interaction Design (IxD)
- Human-Centered Design
- Information Architecture
- User Flows
- Mobile & Web Product Design
- Design Thinking
- Wire-framing and Prototyping

Research & Validation

- User Research
- Usability Testing
(Qualitative & Quantitative)
- Journey Mapping & Personas

Systems & Strategy

- Design Systems & Component Libraries
- Accessibility (WCAG Standards)
- Product Strategy Alignment
- Personas

Visual & Communication Design

- Data Visualization & Infographics
- Illustration
- Motion Graphics
- Typography & Color Theory
- Branding / Print & Publishing

Leadership & Facilitation

- Stakeholder Presentations
- Workshop Facilitation
- Cross-Functional Collaboration
- Design Reviews & Critiques
- Event Coordination
